

Christmas Lake History Book

Planning for a **Christmas Lake History Book** is underway and we are pleased with the interest and encouragement shown by many families.

As we began looking at research for the book, it was suggested we include anecdotal material to make the book more about Christmas Lake's way of life rather than merely a chronicle of names and dates. We will be asking for your help in enriching the document by including your personal historical stories about the Lake. In addition, a Christmas Lake Today section will highlight the interests of the current residents.

The success of this venture depends upon the support of the Christmas Lake residents. If you haven't submitted your book order, please do so now. For special notation in the book an extra donation to support the project would be welcome.

Please print and send in the form below with your book order and contribution. We will determine the scope of the project based on the financial commitment by the Christmas Lake community.

In addition, please indicate your willingness to provide historical documents or photos, or to be interviewed for the project. Let us know if you know of someone that should be contacted for additional information.

Thank you for your interest.
