*Many times, we take for granted the safety of boating and water sports.*

In Spring of 2020, our friend and former Christmas Lake Barefoot Derby Champion Gary Bischel had a serious boat malfunction on Lake Minnetonka where his boat literally blow up in his face. Luckily, Gary survived but suffered significant burns.

While being treated, he noticed the the great work FireFighters for Healing was doing for burn survivors. In talking with Jake LaFerriera, a firefighter, burn survivor and founder of FireFighters for Healing, Gary learned that *Jake was a fellow barefooter!*

*Both Jake and Gary will be with us on Saturday to share their story and Jake's amazing work with launching Camp RED.*

**Camp RED:** Always one to give back, Jake saw the need for family and transition housing near the burn unit of Hennepin County Medical Center (for which he broke ground this year) and for a camp for kids who are burn survivors to be around other fellow burn survivors in a fun camp where they are accepted.
